February ROCIS Stakeholder Meeting

Next Steps: Western PA Initiatives to Reduce Outdoor Contaminants in Indoor Spaces

Meeting Outcomes

By attending this meeting, participants will:

- 1) Identify others who share specific common initiative/project interests
- 2) Clarify barriers and opportunities in moving initiatives forward
- 3) As an individual and/or an organization, commit to taking three actions in the next three months

ROCIS Mission

Reduce the impact of exterior environmental pollution in southwestern Pennsylvania to improve healthy and energy efficient indoor environments where we live, work, and learn

ROCIS Goals

- 1) Create a **collective vision**
- 2) Develop the **knowledge and capacity** of organizations and individuals
- 3) Catalyze **collaboration** within a community of stakeholders

Desired Outcomes From the December Forum

Initiative proposals with actionable objectives, that

- Can be achieved within a 2-3 year window
- Combine experience, equipment, and potential new resources
- Build on our unique needs and opportunities
- Serve as models to clarify best practice
- Include demonstrations or field research
- Ensure continued improvement through rapid feedback
- Enable widespread distribution of the data and lessons learned

***Thank you to The Heinz Endowments for its support of the ROCIS initiative,
Reducing Outdoor Contaminants in Indoor Spaces.***
