

Participate in this **FREE** 4-week program that has helped over 650 local participants identify particle pollution sources & find ways to improve their indoor air quality.

Want to know more? Attend an intro webinar

All prospective LCMP participants start out by taking our intro webinar before committing to a cohort. Intro webinars for the next cohort:

Mon., June 29, at 7:00 PM &
Tues., June 30, at 12:00 NOON

Learn about the LCMP process at rocis.org/low-cost-monitoring-project.

"We went from knowing practically nothing about our indoor air quality to gaining a very detailed and clear picture of it. . . . I was thoroughly impressed by our LCMP experience"

—Bob Mulvihill, Cohort 67

Breathe Safe

LCMP

5 Reasons to Join the LCMP

1. Free use of 8 air quality monitors for a month
2. Virtual meetings & personal feedback from the ROCIS team
3. Robust data about your home & its performance
4. Opportunities to reduce your exposure to pollutants
5. Satisfaction of working with a cohort of fellow participants
