Find out about the air you breathe every day

"Being part of the LCMP helped us to be aware of the sources of harmful particles in our home, how our daily activities directly contribute, and gave us tools to address problems with our indoor air quality."

–Jo and Tim, Cohort 53

5 Reasons to Join the LCMP

1. Free use of 8 air quality monitors for a month

2. Virtual meetings & personal feedback from the ROCIS team

3. Robust data about your home & its performance

4. Air quality interventions to cut your exposure to pollution

5. Resources and education on air quality issues
